

City Rose Float Gets Approval

Sierra Madre will have a float in the 1958 Rose Parade.

This appeared definite following Tuesday night's City Council meeting when it was announced that the Float Entries Committee has approved Sierra Madre's application.

Col. Walter D. Thurber has been asked by Mayor Charles H. James to head the local float committee. He told The Sierra Madre News he will gladly take the job.

LATER, Col. Thurber announced that two free tickets to the Rose Bowl game will be awarded to the Sierra Madre artist who submits the best float design. A committee of judges, not yet chosen, will pick the winner.

Also, the committee in charge of the float will meet at 8 p.m. Friday at the home of Mrs. Gordon MacDonald, 141 Colony Dr., who, along with Mrs. Ruth Barden, Civic Club president, is among those on the committee. Other members have not yet been chosen.

The City Council voted Tuesday to turn in an official application to the Float Entries Committee and to make available \$1,000 toward construction of a float.

Mayor Charles H. James, who pushed the idea of a float for Sierra Madre several months ago, said there is considerable sentiment in favor of the project this year. He pointed out that Sierra Madre has entered a float in the parade every year since 1946, with the exception of this year.

THE COUNCIL also noted that 17 Civic Club volunteers signed a petition stating they would work on float. The Rose Parade theme this year is "Daydreaming in Flowers."

Mrs. MacDonald, speaking for the Civic Club, recalled past floats that have been designed by Alfred James Dewey and won prizes.

"We should try to live up to what has been done in the past," said Mrs. MacDonald.

Councilman Harold Roberts also spoke in favor of the float, pointing out that the "spirit of community enterprise" is the most important factor, not the money.

Junior Red Cross Drive Is Under Way

Public and parochial school children in Sierra Madre may enroll in the Junior Red Cross drive during November. Mrs. Harold Pangborn, local chairman, announced yesterday.

No individual fee is required to join. Mrs. Pangborn said. Instead, the fee is by group, or one dollar for every elementary classroom. These fees finance the Junior Red Cross services locally and the National Children's Fund through which the Juniors carry out their national and international programs.

The gift box program also is in progress. Pencils, crayons, toothpaste or almost any item may be placed in the gift boxes by youngsters. Last year, 110 gift boxes were filled here.

Those who enrolled in the Junior Red Cross last year in Sierra Madre numbered 1,300. In the United States and its territories, nearly 22,000,000 children enrolled.

Head of Schools Sets Civic Service Club Talk Monday

Dr. Lowell Jackson, superintendent of schools here, will speak before members of the Civic Service Club Monday, Nov. 18, in the Woman's Clubhouse.

Dr. Jackson originally was scheduled to speak at the club meeting in October, but it was cancelled because so many members were out of town or had prior commitments.

BLACK AND WHITE, police cars, that is, are what both Chief Gordon MacMillan and Patrolman James Heasley are implying to all errant motorists. The two new cars, both fully equipped, replace two apple green cars. Police may also get another car for investigative work.

Double Rites Today For Car Crash Victims

Double funeral services for a 33-year-old jet pilot from Hastings Ranch and his 10-year-old daughter will be held at 1 p.m. today in Bethany Church.

Capt. David W. Wicks, 1225 Hastings Ranch Dr., and his daughter, Kitty-Jo, were killed instantly last Sunday in a three-car crash on Highway 126, two miles east of Santa Paula.

Injured were Capt. Wicks' wife, Mrs. Joyce Wicks, and their son, Bruce, 11. Both were taken to Ventura General Hospital. Bruce reportedly in more serious condition than his mother. Four other persons were injured in the crash.

CAPT. WICKS, who was born in Monrovia and attended area schools, had more than 5,000 hours of flying time. He was base operations officer for the Air Force at March Field.

Funeral services will be conducted by Dr. Robert B. Schaper, pastor of Bethany Church, assisted by military personnel from March Field. Interment will follow in Live Oak Memorial Cemetery.

The car Capt. Wicks was driving was struck at about 2:15 p.m. Sunday by an auto driven by Mrs. James R. Long, Ventura, who turned into the highway from an intersection and sideswiped the driver's side.

KITTY-JO reportedly was lying on the floor in the back with her head pointed toward the left door. Mrs. Wicks and Bruce were on the right side of the car. The car turned over, it was reported, and Capt. Wicks was suspended from his seat belt.

The driver of the third car, also reportedly struck by the Long auto, was not injured. Born March 4, 1924, Capt. Wicks attended Monrovia-Duarte High School and Citrus Junior College.

He entered the Air Corps during World War II and also served in the Korean War.

Kitty-Jo was born Oct. 13, 1947, in Roseburg, Ore.

SURVIVORS include, in addition to Mrs. Wicks and Bruce, Capt. Wicks' parents, Mr. and Mrs. Voyl Wicks, residents of Monrovia for 36 years until they moved to Ventura a year and a half ago.

Capt. Wicks is also survived by a sister, Mrs. Everett Johnson of Claremont. Kitty-Jo's maternal grandparents are Mr. and Mrs. Daniel Christy of Oakland, Ore.

The family requests that instead of flowers, donations be made to a memorial fund for a newly formed group of Pioneer Girls at Bethany Church.

Penn Phillips To Build 'Salton' City

Purchase of more than 19,600 acres—30 square miles—for development of a new California city on the Salton Sea north of the Imperial Valley was announced yesterday by M. Penn Phillips.

Overall development costs for the project would be over \$20,000,000, he said.

MR. PHILLIPS, one of the state's leading land developers, said acquisition of the property on the west shore

of the sea, 25 miles south of Indio, represented one of the largest real estate deals in recent California history.

In 1954 Phillips, in a comparable operation, purchased 23,000 acres at Hesperia and carried out a land development project which now has a value of over \$50,000,000.

Plans for the new development envision the creation of a desert "sea-side" resort community to be known as Salton City, Phillips said.

"SALTON CITY" will be built to exploit the tremendous water sports possibilities of Salton Sea," he said. "Because of this potential we expect Salton City to rival Palm Springs as a resort area."

Initial plans include extensive boating facilities, a yacht club, a resort hotel, golf course, community center and shopping centers.

The tract, a mile south of the Imperial County line, includes six miles of frontage on both sides of Highway 99 and six miles of shoreline on the Salton Sea.

Mr. Abbe also announced that many boys who will want to play baseball next year have not turned in the information blanks distributed in the schools two weeks ago.

The blank is reprinted below. It should be turned in at the City Park tomorrow.

All boys between the ages of 9 and 15 who live in Sierra Madre, and are interested in playing organized league baseball next year, please fill out this information blank in full.

Pet Dies; Asks License Refund

The death of a beloved pet dog led Miss Jessie E. Dunning Tuesday to request a refund from the City Council for a dog license.

Miss Dunning, it seemed, bought the license only two weeks before her dog passed on. Her note to the City Council, which was read aloud, said:

"Gentlemen: Ginger left me Monday, Oct. 14. If an adjustment be customary, I shall be glad to be remembered.

Thanking you,

Jessie E. Dunning."

The Council, though its members sympathized, pointed out that although the dog license fee was insignificant, the city couldn't afford to set a precedent.

'Gate of Hell' At Library Monday

"Gate of Hell," the Japanese motion picture that won 1955 Academy Awards as best foreign picture and for best color costume design, will be the next attraction in the Sierra Madre Library classic film series.

It will be presented Monday, Nov. 18, at 7 and 8:30 p.m. Admission is free.

The setting for "Gate of Hell" is 12th Century Japan, a world utterly strange to western eyes. This was an age dominated by a military caste, Samurai warriors, dressed in gaudy armor that hung on them like curtains, advanced singly to challenge an enemy.

The antagonists introduced themselves, boasted of the excessive bluntness of their blood, cast aspersions on the color of the opposition's blood, then had at it in stylized sword play as rigorous in technique as the Russian ballet.

This exotic world is pictured in superb color, with a sense of form and design peculiarly Japanese. Dialogue is in Japanese, with English subtitles.

The film series is sponsored by the Friends of the Library. Later pictures, supplied by the Los Angeles County Museum, will include "Edge of the World," Jan. 20; "Rembrandt," Feb. 17; three short features, "Palle Alone in the World," "White Mane," and "Georgie and the Dragon," March 17; and on April 21, "Eroica," based on the life of Beethoven.

Daniel D'Arcy is in charge of arrangements.

MISSING, in addition to the guns, are a German clock, a chest of silverware and three Green Stamp books. Missing from an upstairs safe, police reported, are \$125 in silver dollars, half-dollars and quarters and a pocket watch.

Mr. Heller said he thinks the safe was locked when he left the house in the morning. The value of the stolen articles was placed at about \$400.

Police also announced the arrest and conviction of Melvin Clisby, 22, of 1306 Forest, Pasadena, who was found guilty of a robbery of auto parts Nov. 5 at Al Foxton's Service Station.

Clisby, who has a record of previous convictions, was sentenced to 180 days in County Jail. He was arrested by Sgt. Robert Heasley when he returned to his home at about midnight Nov. 5, the same day of the robbery.

New Trash Contract Delayed by Council

Rival Calls Avedesian Proposal Incorrect

A protest over the awarding of a five-year rubbish contract to John Avedesian threw the City Council into confusion at its meeting Tuesday night and forced postponement of the subject until next Monday at 7:30 p.m.

Mr. Avedesian, who has hauled rubbish in Sierra Madre for many years, came within one objection of winning the contract.

Councilman David Wood moved to award it to Mr. Avedesian. Councilman Harold Roberts seconded. Just as a vote was to be taken, one of the bidders, I. E. Beatty of Trash Service, protested.

"Mr. Avedesian has not made a correct bid," said Mr. Beatty. "He did not bid on all items as is required in the specifications."

WHEN QUESTIONED, City Attorney T. Guy Cornyn said he could not answer Mr. Beatty since he (the city attorney) had not had an opportunity to examine the bids. After a hurried consultation, Mr. Cornyn left the room, studied the five separate bids for a half hour and returned.

"I have examined the bids," said Mr. Cornyn. "and from a strictly technical point of view, Mr. Avedesian's bid is not correct. He failed to bid on a few items in the specifications."

The city attorney explained that the Council could either overlook the technicality and award the bid to Mr. Avedesian, in which case the city would face the slim possibility of a law suit, or councilmen could reject all bids and enter into a private contract with any of the bidders.

Mayor Charles H. James then suggested the meeting be adjourned to give councilmen time to study the bids. His proposal was quickly accepted.

THERE WAS a great deal of confusion as to whose bid was the highest. Bidders included City Refuse, Sun Valley, Trash Service, William Pratty and Mr. Avedesian.

Councilman Wood, after putting down figures and adding them up, claimed Mr. Avedesian's total bid, which included residential, city and commercial collections, amounted to approximately \$64,515 for five years and was low.

Competitors, however, immediately claimed their bids were the low ones. Mr. Cornyn, after examining the bids, said Mr. Avedesian's probably was high.

In the end, nobody seemed to know for sure. One fact became clear, however, regardless of who gets the new

contract, Sierra Madreans will pay considerably more for their rubbish collection than they do now.

Mr. Avedesian's bid for residential pickups amounted to \$4,331.25 per month, compared to \$3,543.75 for William Pratty, the lowest bid in this category. The present monthly charge is \$3,228.75.

The confusion arose over bids on pickups for the city and from local businesses. These varied widely, although Mr. Avedesian's appeared considerably lower.

THE COUNCIL met before a packed house—the biggest crowd in at least two years to attend a Council meeting—and all of them, with the exception of opposing bidders, appeared to be rooting for Mr. Avedesian.

There were cheers when it seemed that Mr. Avedesian would win the contract and groans when the odds shifted.

The Council also received letters praising Mr. Avedesian's past service from Mrs. Carl Hansen, Mrs. Alice Jones and Gale L. Hersey. In addition, a petition containing 28 signatures urged the awarding of the contract to Mr. Avedesian.

The final decision will be made at 7:30 p.m. Monday in City Hall, barring unforeseen developments.

THE COUNCIL, in other action:

1. DENIED an appeal from A. L. Suman requesting a zone change on a portion of Sturtevant Dr.

Mr. Suman requested a change from R-1 (single family dwellings) to R-3 (multiple family, apartments) for that portion of the south side of Sturtevant from the Bella Vista Apartments at Mountain Trail to the Suman residence at 332 Sturtevant. Mr. Suman wants to convert his large house into possibly three apartments.

The Planning Commission previously rejected Mr. Suman's request on grounds that his reasons for the zone change were insufficient and that a large sum of money had been spent by the city in making a survey to determine how Sierra Madre should be zoned.

To grant this request, the Planning Commission held, would amount to wasting taxpayers' money by overruling the results of the survey and city zoning laws.

Mr. Suman argued that the area is now, in effect, an R-3 zone because of Bella Vista Apartments. Furthermore, he argued, he and the owners of Bella Vista are denied the right to improve their properties because of present zoning.

The Council upheld the Planning Commission. Councilman Roberts did not vote because he had appeared at the Planning Commission meeting in opposition to Mr. Suman's request.

Speaking in opposition to the appeal were Dale Moore, 315 Sturtevant, and Hugh Colvin, 236 Sturtevant.

2. APPOINTED Dr. J. Stadden Miller, a Sierra Madre dentist, to the Planning Commission. Dr. Miller's home is at 286 E. Alegria.

3. AWARDED a five-year fire insurance contract which covers all city property, except the new bath house, to Pacific Insurance Co. of New York. Pacific submitted the low bid of \$3,488.46.

4. ADOPTED revised County Building codes covering construction, plumbing and building.

5. AUTHORIZED the purchase of new police radios from the Motorola Corp.

Burglar Gets Guns From Dr. Heller Home

A revolver and a .25 caliber rifle were among items stolen in a burglary last Friday at the home of Dr. Leo A. Heller, 600 N. Hermosa.

The burglar probably entered through the front door, which may have been unlocked, according to Sgt. H. S. Embree and Patrolman James Heasley, who investigated.

The burglary was discovered when Dr. Heller returned home at 2:15 p.m. Friday and apparently happened between that time and 8 o'clock that morning.

MISSING, in addition to the guns, are a German clock, a chest of silverware and three Green Stamp books. Missing from an upstairs safe, police reported, are \$125 in silver dollars, half-dollars and quarters and a pocket watch.

A "Bautismo Party" (Little Wedding) is held in celebration of the baptism.

Festivities began last Saturday night when guests arrived at the Sierra Madre Woman's Clubhouse to dance to the music of a Spanish orchestra.

Following the dance, guests adjourned to the Duran home for a feast of traditional Spanish food.

On Sunday, "El Bolo," (cake and traditional candy) was served all friends stopping by.

The Bulldog Beat...

Sierra Madre Students Help Victim of Accident

By Judy Haymaker
EL 5-1887

A double victory was gained over Burbank High by the PHS Bulldogs last Saturday night on Horrell Field! The Bulldog team, with Sierra Madrean Nino Leonard, scored 20-7, and our triumphant Varsity, of which Tom Stoffel was captain, conquered the rivals with a score of 14-6.

MIKE SANSETT, Mike Weston, and Duffy Shropshire were witnesses last week to an accident near the campus, when two Pasadena students had a blow-out while rounding a corner, causing the car to strike a tree. The police were called and the victims, one of whom was seriously injured, were made comfortable by the combined efforts of the three Sierra Madre boys and the neighbor from whose home the call for help was sent.

HAPPY BIRTHDAY, Pat

Stetson! Pat celebrated her 17th birthday last Friday night (although the "official date" is Nov. 11th) when Muriel Peterson gave a surprise slumber party in her honor. Joyce Keup, Joyce Heflin, Sue Maloney, Karen Morris, and one Pasadena girl attended.

FRIDAY evening a small squirrel monkey (name unknown), gained a pet, classified as Homo Sapien. The tamed domestic goes by the name of Duffy Shropshire, and is reportedly devoted to his master.

PHS AND our deadly rival, John Muir High School, will meet for a fight to the finish next Saturday night on Horrell Field. This greatly anticipated football game will be the last of the season, and is sure to result in victory for the battling Bulldogs. As I'm sure every one of you is going, there is no need to say: BE THERE — SUPPORT YOUR TEAM!!

The 58 FORD is here now...

there's nothing newer in the world

With all that's new
for a world of difference

There's bold, new styling—new Interceptor V-8 Power—new Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. We know! We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history.

*THERE'S NOTHING NEWER IN THE WORLD OF STYLE!

*THE WHOLE WORLD SEEMS SMALLER
WITH FORD'S NEW INTERCEPTOR V-8 ENGINE!

COME IN... SEE THE CAR THAT WAS PROVED AND APPROVED AROUND THE WORLD!

Pro America Members Meet Nov. 18

The November meeting of the Foothill Towns Unit of Pro America will be held next Monday at Rand's Steak Ranch, 721 W. Huntington Dr. in Arcadia. A buffet luncheon will be served at 12 o'clock.

The program following at 1 p.m. will be of interest to women who wish to be well informed concerning the government of our state.

Joseph C. Shell is scheduled to speak on the "Legislative Picture in California." He is Assemblyman from the 58th District. Mr. Shell's message covers what was accomplished in the last session of the legislature and problems to be faced in the future.

Since Pro America is an educational organization for women, dedicated to the preservation of the Constitution and of representative form of government, it is their policy to obtain speakers in government positions as well as qualified educators, lawyers and business leaders.

In addition to the regular monthly luncheon meetings Pro America members hold study group sessions in their homes. An introduction to the study of the Supreme Court was given by Mrs. E. A. Heiss earlier in the year and the Foothill Towns Unit decided to have more meetings on the judicial branch of our government.

Those members and guests who wish to hear Mr. Shell may phone their reservations to Mrs. Cecil Utzman at HL 7-9345. Following the program, Mrs. Heiss will conduct the business meeting. Mrs. Leonard Brooks, treasurer, will report on the amount cleared from a recent sale of Playhouse tickets and earmarked for a donation to the State office.

FIRE FLAMES

By Fire Chief James Heasley

The annual canvassing of the city by the firemen with regular tickets to seek your donation to carry on the usual Christmas and Easter parties is about to begin.

For information to those who are not acquainted with this custom, the firemen have been holding a dance each season to raise funds, and it is the only time of the year that we do "beg."

None of the money can be used for anything but the Christmas Party, charitable donations, and the Easter Party for the kiddies.

There is much preparation in advance of the occasion. The firemen are very grateful to Ralph and Morrie, the owners of the Richley tile factory, for their willingness to shape the skeeter netting into large stockings. One thousand finished stockings are filled each year. This season, the women of the department are being aided by Mrs. Peterson's Girl Scouts, Mrs. Kendrick's Camp Fire Girls and Marie Brunin's Camp Fire Girl.

When it is realized that two pieces of this netting must be sewed together to make a stocking, we can appreciate the amount of work necessary.

The men of the Fire Department fill the stockings a short time before Christmas Eve, when they are issued to the children at the park. All children under 12 are invited to attend and receive a stocking and see Santa Claus.

WHAT COULD have been a serious fire was stopped with a garden hose last Saturday evening. And because of the dampness still under a large group of trees, in the midst of the brush, the fire burned slowly enough to allow a neighbor to stop it before it grew to dangerous proportions.

THE CONTINUOUS drills held bi-monthly by the men must be performed in places where there is not too much interference with traffic. Recently we have been reprimanded by a particular neighborhood because of the noise of the engines and the interference with television and such. We do our utmost to avoid anything like this, but the importance of drills cannot be overlooked.

Therefore we will continue and hope that the inconvenience is not unbearable.

Truth may be stronger than fiction, but rumor is a good deal more exciting than fact.

Justice Warren Is Rabbi Steckel's Subject Friday

Chief Justice Warren Studies at the Jewish Theological Seminary will be Rabbi Charles W. Steckel's subject this week at the Foothill Jewish Community Center of Temple Beth Israel. Friday's services will start at 8:30 p.m.

Cantor Salo Blumenthal will assist by chanting the hymns and prayers. Hosts for the Oneg Shabbath following the service will be Mr. and Mrs. Robert Spencer of Arcadia.

Rabbi Steckel will conduct Saturday services at 9 a.m.

Methodists Commemorate 4th Anniversary of Church

A Silver Tea, commemorating the fourth anniversary of the founding of The Sierra Madre Methodist Church, is being planned for Sunday, Nov. 17, from 3 to 5 p.m. in the Parish House, 695 W. Sierra Madre Boulevard.

Refreshments are being provided by the Women's Society of Christian Service, according to Mrs. Ove Jensen, president. Mr. and Mrs. Harold H. Porter, two of the original 11 members to join the church on Nov. 22, 1953, are serving as master and mistress of ceremonies.

Organized as "The Church of the Redeemer," its name was changed two years later when Dr. Chilton C. McPheeters was appointed by the Southern California-Ari-

zona Conference to serve as minister here. Just a year ago the congregation moved into the new Sanctuary and during the past 12 months has doubled its membership.

Attendance is open to all who are interested, open-minded, and desirous of growth in understanding in these fields. The meeting is held in the church parlor at 8 p.m.

SIERRA PARTNERS, the young married group of The Sierra Madre Methodist Church, will attend en masse the current attraction, "Janus," at the Pasadena Playhouse on Saturday, Nov. 16. Reservations may be made with the Lawrence Bevingtons, ELgin 5-7619. Following the play Mr. and Mrs. Bart Steed, 685 Cliff Drive, Pasadena, will serve refreshments with Mr. and Mrs. William E. Heller assisting.

'Holiday Hints' Is Theme Of PTA Program Nov. 18

In response to returns of the program questionnaire last spring, the Sierra Madre PTA has scheduled its next meeting for the morning of Nov. 18, at 9 o'clock in the Sierra Madre School Cafeteria.

Following a brunch at which the first grade mothers and teachers will be hostesses, the business meeting will be held. The nomination committee will be elected at this time.

The program, arranged by Mrs. William Waite, program vice president, and Mrs. George Groth Jr., parent education chairman, will feature "Holiday Hints for Thanksgiving and Christmas," with a lecture and demonstration on decorations, gift wrapping and other ideas for the holidays.

Baby sitters will be provided for children not attending school.

AT THE PTA Board meeting last Monday evening, Cecil Hicks was ratified as the new mutual aid chairman, and Mrs. Kenneth Moyer as magazine chairman to replace Mrs. T. A. D. Fessenden, who has resigned.

Other members of the Board not previously mentioned are: Mrs. Ruth Sauter, faculty club representative; Mrs. Hortense Wells, student welfare; Mrs. Robert Forney, newsletter art chairman, and Mrs. William Stone and Mrs. Virgil Nordyke, assistant hospitality chairmen.

The membership drive total, as reported by James Abernethy, membership vice president, has reached 987, which exceeds last year's 957. All membership cards and

The Fortnighters, a adult discussion group at the Congregational Church, will discuss the teaching of Jesus on the theme of the "Kingdom of God when they meet this Friday evening.

The love of God and the kingship of God will be compared, and the child's idea of both will be discussed. The group is especially concerned this month about how Christ's teachings can be made real in our families.

Attendance is open to all who are interested, open-minded, and desirous of growth in understanding in these fields. The meeting is held in the church parlor at 8 p.m.

Homebuilders Of Bethany Meet Tonight

The Homebuilders, young married women's club of Bethany Church, will have its monthly meeting this evening at the home of Mrs. Ray Ellison, 2061 Vista, Arcadia.

The speaker will be Mrs. Harold Beveridge, an interior decorator. For further details call Mrs. Ruth Savage, ELgin 5-6883.

THE VOYAGER CLUB of Bethany Church will have its Harvest Banquet this Friday evening at 6:45 at the church. New officers to be installed are:

Skippers, Mr. and Mrs. J. D. Peterson; first mates, Mr. and Mrs. Ken Dymmel; log keepers, Mr. and Mrs. Ray Ellison; pursers, Mr. and Mrs. Jim Jefferies; doctor and nurse, Mr. and Mrs. Bing Snelling; look-outs, Mr. and Mrs. Ron Bick.

A musical program has been planned, and Dr. Robert Schaper will bring the message.

NEXT SUNDAY morning at the 11 worship, there will be dedication of infants. The following children will be presented to the Lord in dedication at this time:

Robert Allan Everhart, Kerry Lynn Treder, Monette LaRae Ower, Richard Michael Gruber, Shari Dawn Bentley, Delta Jeanne Melly, Sharyn Elaine Kintsel, and Darryl Stanley Kintsel.

ple's Choice, "Wagon Train," "Frontier Doctor," and the "Zane Gray Theater."

Pastor Leroy Hux extends an invitation to everyone to hear Mr. Walcott and to meet his wife, the former Barbara Watkins of San Diego, at the church this Sunday.

Youth League Will Mail Yule Seals

The Youth League of Faith Lutheran Church will meet at the chapel on Saturday morning, Nov. 16, from 9 until 12. Members will package and mail Wheat Ridge Christmas seals.

The Wheat Ridge institution is located near Denver, and was started and has been maintained by the youth organization of The Lutheran Church—Missouri Synod, known as the Walther League.

Saturday's work will be under the direction of Miss Julane Hesse, the current Youth League president.

CHOSEN as the 1958 officers of the Youth League are Edward Huttger, president; Kenneth Kimsse, vice president; Lynne Seymour, secretary, and Sandra Bock, treasurer. The young people will hold their Christmas party on the evening of Dec. 8.

ON SUNDAY afternoon at 2:30, the Voting Assembly of Faith Lutheran Church will meet in the chapel, 835 Hastings Ranch Drive.

Major matters to be discussed will be the consideration of the 1958 Investment Program and every-member solicitation, as presented by Mr. B. W. Schultz, chairman of the Board of Fiscal Affairs; reports of the various departments of the congregation, and consultation with Pastor A. Hesse concerning his call to the pastorate of St. Mark's Lutheran Church in Garden Grove. The election of the 1958 officers will also be held.

LESSON-SERMON

The words of the Golden Text from the dauntless Christian hero, Paul, set the tone for the Lesson-Sermon "Mortals and Immortals," which will be read in the Churches of Christ, Scientist, on Sunday. Paul declares, "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new" (II Cor. 5:17).

MISSION BELL

United Lutheran Church
S.S. at 9, Worship at 10
Upper Room, Woman's Club
270 W. Sierra Madre Blvd.

WHY do millions worship God every Sunday? Why do millions go to Sunday school? Why have thousands of churches been built? Why do missionaries leave home to bring the Gospel to many lands? Why do parents the world over read the Bible and pray? Why do we have chaplains? Why did Robert Moffat's mother say to her young son as he left home, "Promise to read the Bible, and remember the Gospel, the blessed Gospel?"

THE ANSWER is Jesus, the Son of God who died on the Cross, rose from the dead and now lives in the hearts of believers. It is really quite wonderful that Christ lives in us when we believe. It makes us the person we were intended to be, not some self-seeker who lives for this world only. Christ living in us makes the joyful difference.

THAT IS WHY many talk to their friends about Him, invite them to God's house; some teach Sunday school, others sing in choirs, some become Christian workers and missionaries. There are yet so many who do not know for sure that He lives. How about telling someone about it today? St. Paul did. Read Acts 25:13-19.

Yours Faithfully,
REV. RAY E. HANSEN

Chicken Curry Is Specialty Of Famous Eating House

By Toni Maurin SY. 7-9634

I got so many requests to get some recipes from Mrs. Benjamin (Jeanne) McGee, 247 San Gabriel Court, that I felt I could not ignore them any longer. Her recipes are all specialties of the house in famous eating places.

This first one is the East India curry of chicken which is from the General Glover Inn in Swampscott, Mass. This inn was once the home of Gen. Glover, father of the American Navy.

EAST INDIA CURRY OF CHICKEN

- 4 lbs. frying chicken cut for serving
- 2 medium sized onions, chopped
- 2 bay leaves
- 1 tsp. paprika
- Salt to taste
- 1/4 cup oil or butter
- 1 minced clove of garlic (optional)
- Several pepper corns
- 2 tps. curry powder

Pour butter or oil in heavy saucepan, add onion, and cook until golden brown. Add chicken and rest of ingredients except curry powder and cook for about 10 minutes. Add enough boiling water to cover chicken and simmer till meat is tender. Add curry powder and simmer 5 minutes more. Thicken juice with flour mixed with water. Remove chicken and arrange on platter with a ring of boiled rice around it. Cover both rice and chicken with curry sauce; garnish with French-fried onions or toasted coconut. Serve with chutney.

THIS NEXT hearty main dish is from Mader's famous

restaurant in Milwaukee. It was founded by Charles Mader, a German immigrant, in 1902 when prices were 20 cents for a steak dinner and a nickel for two glasses of beer. Less expensive cuts of meats do very well for this dish.

- KONISBERGER KLOPS (Meat Balls)
- 1 1/2 lbs. raw beef, finely chopped
- 4 tbs. butter
- 3 eggs
- Pinch of pepper
- 1/2 cup flour
- 1 lb. fat pork, chopped
- 1/2 rolls or day old bread (crusts removed)
- 1 tsp. grated onion
- Juice of 1/4 lemon
- Boullion

Mix beef and pork; combine with butter. Soak rolls in water and press out excess liquid. Crumble into meat and mix well with onion, eggs, pepper and lemon. Form small dumplings; roll each in flour. Boil slowly in boullion 15 to 20 minutes. Serve meat balls in a deep dish with a white fricassee gravy over them.

THIS LAST recipe is from the Oregon Caves Chateau in Oregon. Besides having delicious food, this lovely chateau is located right next to the famous limestone caves. The inn is staffed almost entirely by college students, and there is a natural stream running through the building.

ANGEL PIE

Beat 4 egg whites stiff; add 1/2 tsp. cream of tartar and 1 cup sugar. Spread on a well greased and floured pie tin and bake 20 minutes in a 275°F. oven and then 40 more minutes at 300°F. This baked meringue acts as the crust of the pie.

For half the filling, cook the following ingredients for 8 minutes in the top of a double boiler.

- 4 egg yolks
- 1 tbs. lemon juice
- 1 cup (approx.) of crushed drained pineapple
- 1/2 cup sugar (scant)
- 2 tbs. pineapple juice

For the other half of the filling, whip together 2 cups whipping cream and 2 tbs. sugar. Spread half of the whipped cream on cooled meringue. Add cooked mixture, then remaining whipped cream. Chill pie in refrigerator from four to six hours and serve.

THE MCGEES are living in and remodeling a 53-year-old home. They have a modern kitchen, a joy to both of

them. Mr. McGee is the official salad, sauce and steak maker in the house. He not only likes to cook, but he will build anything that Mrs. McGee happens to mention. Matter of fact, the whole

family likes to take a turn in the kitchen. Eight-year-old Pamela makes a mean batch of pancakes, and 4-year-old Mark's specialty is cinnamon toast and jelly sandwiches.

VILLA
VIEWSBy Toni Maurin
Sycamore 7-9634

I feel just as cast aside and outdated as last year's newspaper. There are certain challenges in my home that I take pleasure in conquering all by myself. I have given way to vacuum cleaners, automatic washers, garbage disposals, and even listening to the unearthly whine of an electric razor.

This last innovation hits me pretty hard. I have always had a certain amount of pride in devising ingenious ways to extract the very last bit out of a toothpaste tube. I have gotten so proficient that when I finally dispose of it, it is all smooth and uncreased with the top intact. Now they have come out with a new squeeze bottle container, and I can see the handwriting on the wall. The old tube soon will be a thing of the past and there goes my last talent down the drain, squish!!!

MR. AND MRS. Charles Goldsworthy and their two children, Nancy and Charlie, of 3516 Fairpoint, spent the weekend visiting Mrs. Helen Goldsworthy of Laguna Beach.

I WAS SORRY to learn that Judy Ong, 11-year-old daughter of Mr. and Mrs. A. C. Ong of 3335 Trevan Road, suffered a knee injury last week. She is coming along fine, however, and soon will be back in the saddle. Incidentally, the Canyon Vacuqueros, of which Judy is a member, scored a triumph in their recent horse show. They were spotted by Jack McElroy of Channel 4 and the entire show was televised in color for a later release.

MR. AND MRS. C. A. Mounter have moved into their new home at 1250 Sierra Madre Villa, overlooking the park. They were former residents of upper Hastings and then moved to Arcadia temporarily while this home was being built. They have three children, Carl, who is 9; Patty, 8, and Jeanne, 3, plus two ducks left over from Easter, and a kitty. Mr. Mounter is division manager of the Transducer Division of the G. M. Glanville Co.

I TALKED to Mrs. Phillips Finlay of 1250 Hartwood Point the other day. They had just returned from a prolonged stay at their ranch in Idaho. They came back only briefly for a week in September to get Fredrick and their son, James, off to college. Their son just returned from a year's stay in Germany and is now attending Cal Poly. Fredrick is a sophomore at Stanford University. They plan to take off again for a short trip up north to do some steelhead fishing, and then return here for at least a little while.

MR. AND MRS. W. D. Love of Berkeley, Calif., are visiting their daughter, Mrs. W. H. Dunning of 3323 Barhite. The Dunning's are planning several small dinner parties in their behalf.

LIBBY BRIDOLF, daughter of Mr. and Mrs. Robert Bridolf of 3273 Vosburg, celebrated her fifth birthday by having all of the girls in her kindergarten class with their mothers to a luncheon last Saturday. The entertainment of the party was furnished with a pinata which was completely fascinating to all of the guests. The Bridolfs are fairly new in our area, having moved here this summer. They have two other little girls.

MR. AND MRS. David Phillip of 1694 Sierra Madre Villa had a delightful time recently entertaining Mrs. Phillip's brother and his bride, Mr. and Mrs. E. M. Murphy from Georgia. They stopped here for a few days on their way to Japan where Mr. Murphy is working as a civilian for the Army. This is the first time Mrs. Phillip has seen her brother in 10 years.

LEAVING FOR A conference on water resources are these members of the League of Women Voters. From left are Mrs. Alfred Hartwell, Mrs. T. C. Thomas, Mrs.

Burton Posthill, Mrs. Dan Parker and Mrs. G. Russell Newton. (See story on this page.)

Red Cross Conducting 1st Aid Class

Through arrangements made by the Don Benito PTA, the American Red Cross is currently conducting its new streamlined course in first-aid to augment the Civil Defense program in this area.

Upper Ranch residents, many of whom are rescue and medical wardens and block mothers, are meeting during November at Don Benito with Red Cross instructor Anne "Buddy" Zern, well known in the Hastings area for her summer classes in water safety.

This new 10-hour course meets twice a week. In five evenings the course is completed and first-aid certificates are awarded.

Civil Defense authorities maintain that every home should have a person trained in first-aid. Additional classes in first-aid designed especially for Civil Defense by the Red Cross will be offered in this area in the near future.

Those living in the upper Hastings area may contact Mrs. C. Carder Dennis at ELgin 5-3789. Residents in other areas may call their local American Red Cross chapter.

Sports in Haste . . .

Question of Price Clouds Coast League Withdrawal

By Charles Ayres

Since man became civilized, he has been fraught with many problems. Since that time, too, there has never been a solution that can compare with that little five-letter word—money.

The local sports scene provides plenty of evidence along that line.

Take, for example, the question of indemnity for the Pacific Coast League now that the Dodgers and Giants have moved into their territory. Apparently the big problem concerns price and there seems to be some difference of opinion among people involved as to what their product was and is worth.

IF MY MEMORY serves me well it took a lot of doing to get much of a crowd to an Angel or Star game unless they happened to be playing each other. This fact seems to have escaped the rest of the league, though, since they have been invaded and lost their two key cities.

Not too long ago the papers carried a story that the Coast League would "settle" 25 cents of every admission at San Francisco and Los Angeles for 10 years.

Considering admission prices that doesn't seem like much on the surface until you do a little arithmetic.

There is evidence since the moves became definite, that the coast is starved for big time baseball and attendance can be expected to

reach astronomical figures. In Milwaukee, for example, they have enjoyed an average attendance of 30,000 per game.

ASSUMING THAT neither San Francisco nor Los Angeles fans will be that carried away, an average of 25,000 at each place could still be reasonably expected.

Since each team plays one half its schedule at home (77 games), discount 17 for doubleheaders and you still have 66 home games. That adds up to an average attendance for both cities of 50,000 per game for 120 games at 25 cents per admission or one and one-half million bucks indemnity per year for 10 years or a total of 15 million claims.

The papers carried a proposed counter offer of 10 cents per head for three years which still adds up to \$1,800,000.

Cut it any way you want and that's still a lot of money. Since high finance tends to upset me, I can't dwell on the subject too long and can only be a man of the fact that I was born good looking instead of owning a Coast League franchise.

Don Benito PTA Sponsors Panel Discussion Nov. 20

Don Benito Parent-Teacher Association will present a program of wide community interest on Wednesday, Nov. 20 at 8 p.m. in the school auditorium. "Danger Signal in Our Community" will be the topic for discussion by a panel of speakers from our immediate area.

Dr. Donald Mortensen, professor of education at Los Angeles State College and coordinator of the Guidance Department and a Ranch resident, will be moderator.

Members of the panel will be Dorel Kuhn, manager of the local Shopping Bag; Officer Bob Guenther, Juvenile Division, Pasadena Police Department, and Miss Grace MacFarland, educator and principal of Don Benito.

The away-from-home conduct of our children will be the consideration of the evening. Miss MacFarland will discuss the question, "Is There a Pattern to Discipline Problems in School?"

Mr. Guenther, police officer, who worked on the Don Benito and Eugene Field School vandalism case, will explain "The Role of the Police in Handling Children of Elementary School Age."

Mr. Kuhn will describe "How Our Children Behave at the Hastings Shopping Center," and compare their conduct to children in other communities.

The panel also will outline what the community expects from the parent and what the parent can do to prevent misbehavior patterns. The audience will have an opportunity to contribute and ask questions of the panel.

Mrs. Frances Muzziato, director of the Pasadena Girls' Club, and Merwyn Fair, executive director of the East Pasadena Boys' Club, will be in the audience and will contribute to the evening's important topic.

This program is part of the regular monthly meeting of the Don Benito PTA. Mrs. John Ranks will conduct a short business meeting; then Mrs. Bertram Potter, program chairman, will introduce the panel.

All interested residents of our community are welcome to attend. An invitation from the Don Benito PTA has been extended to Eugene Field PTA.

Refreshments will be served by room mothers, Mrs. Harold S. Vogel, from Miss Marcia Milbach's second grade, and Mrs. William L. Barr from Mrs. James Comford's fifth and sixth grade.

Following cocktails, the group had dinner at Monty's Talk of the Town.

Daughter Born To Johansens

Happy news comes from Mr. and Mrs. Harold C. Johansens, 3775 Fairmeade. They are the parents of a daughter, Laurie Ann, born Oct. 29 at St. Luke Hospital. The newborn weighed 6 pounds, 11 ounces.

Little Laurie Ann is a real novelty in the Johansen household, and sons Ralph, a senior at Purdue, and Jim, a sophomore at PC, are as elated as their parents over the small charmer.

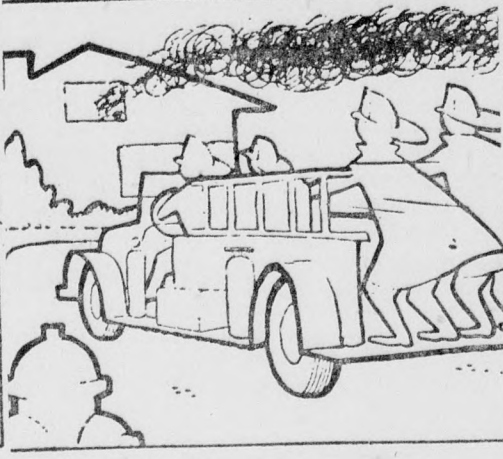

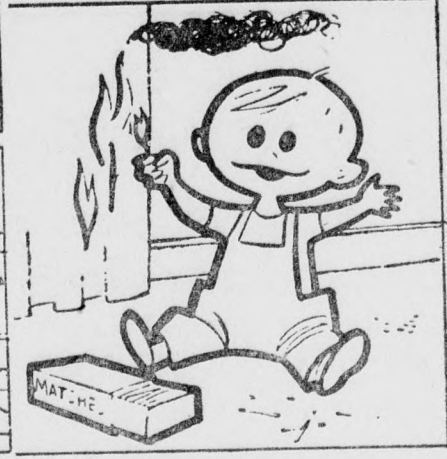

Voters Attend Conference

A unique opportunity to observe a legislative committee in action is being made available to League of Women Voters members on Nov. 19 and 20 when the joint water resources development committee of State Legislatures will meet in Los Angeles to consider distribution of California's water between counties of origin and areas of deficiency.

Principal witnesses will be Mayor Poulson of Los Angeles and Mr. Jensen, chairman of the board of Metropolitan Water District.

Sierra Madre and Hastings Ranch members will assemble promptly at 9:30 a.m. on Nov. 19 at the home of Mrs. Conrad Walburger, 510 Fembrook Dr., Pasadena, where cars will be waiting to take them to the hearing.

Anyone interesting in attending may call the unit chairman, Mrs. Carl Shafer, at ELgin 5-3758.

Outlook Now Brighter For Victims of Stroke

(Presented as a public service by the Foothill Branch of the Los Angeles County Medical Association)

The outlook today of a person suffering from apoplexy, commonly called "stroke," is brighter than ever before. Unless the stroke is very severe, causing extensive brain damage, today's victim can be rehabilitated to a self-sustaining state, independent of constant care.

Medically a stroke is a cerebral vascular accident. A blood vessel ruptures, producing a cerebral hemorrhage.

The most common underlying cause is arteriosclerosis, or hardening of the arteries within the skull. This causes a narrowing and weakening of the blood vessel. If the narrowing is too marked, then blood flow is slowed down, resulting in inadequate nourishment to

the brain. Then again the blood supply might be completely cut off by the formation of a thrombus or clot inside the vessel.

STROKES VARY. They may be severe, resulting fatally, or they may be severe to the degree that the patient is unable to move and talk.

The patient is helpless in that he cannot care for himself; he cannot speak because the communicating centers of the brain have been temporarily disconnected. For the latter patient, the outlook is more promising today, for with care and understanding he can be helped to normalcy and independence.

Strokes occur most often in persons beyond the age of 50, although they can occur in a younger age group. But more advanced techniques are now available to help the person who incurs a stroke.

Laboratory tests of the spinal fluid reveal information of great importance for diagnosis as does the X-ray film, called angiogram or arteriogram, in which certain material has been injected into the head through the neck artery.

Once the medical aid has been accomplished, the road back to independence must come from the patient's family. There must be understanding because of the personality changes so often encountered in a person suffering from a stroke. A happy disposition is apt to become querulous. A neat person may become untidy and slovenly.

THE STROKE victim should be encouraged to do things while muscular function is gradually being restored. As more muscle function and coordination are restored, greater progress will be made in rehabilitation.

At first, massage will help to maintain muscle tone, but later the patient should be encouraged to exercise the arms and the legs, even though lying in bed. Moving the fingers and toes, for example, while limited, will help to stimulate circulation.

Patience and understanding will do much to help the stroke victim back on the road to self-sufficiency. Many times your own back will ache from the many demands; your own disposition will be shattered by fatigue and impatience, but these will be temporary aspects. A sincere understanding of the patient's helplessness will do much to calm the troubled atmosphere.

Many a man has failed because he turned down real opportunities and hung on to a long shot.

But thank goodness we finally got that Boy!
